

***GERONTOFORMICA**

****contegus*.** **Sphecomyrmodes contegus* Barden & Grimaldi, 2014: 2, figs. 1A-E, 11A, 11B (w.) BURMESE AMBER (Myanmar, Cretaceous).

Combination in **Gerontoformica*: Barden & Grimaldi, 2016: in supplemental information (not paginated).

Status as species: Barden, 2017: 2.

****cretacica*.** **Gerontoformica cretacica* Nel & Perrault, in Nel, *et al.* 2004: 24, figs. 1, 2 (w.) CHARENTESE AMBER (France, Cretaceous).

Status as species: Barden, 2017: 2.

****gracilis*.** **Sphecomyrmodes gracilis* Barden & Grimaldi, 2014: 4, figs. 2A-C, 10B, 11C, 11D (w.) BURMESE AMBER (Myanmar, Cretaceous).

Combination in **Gerontoformica*: Barden & Grimaldi, 2016: in supplemental information (not paginated).

Status as species: Barden, 2017: 3.

****magnus*.** **Sphecomyrmodes magnus* Barden & Grimaldi, 2014: 7, figs. 3A-D, 11F (w.) BURMESE AMBER (Myanmar, Cretaceous).

Combination in **Gerontoformica*: Barden & Grimaldi, 2016: in supplemental information (not paginated).

Status as species: Barden, 2017: 3.

****maraudera*.** **Gerontoformica maraudera* Barden & Grimaldi, 2016: 4, and in supplemental information (not paginated), figs. S2D, E (w.) BURMESE AMBER (Myanmar, Cretaceous).

Status as species: Barden, 2017: 3.

****occidentalis*.** **Sphecomyrmodes occidentalis* Perrichot, *et al.* 2008: 95, figs. 3, 4 (w.) CHARENTESE AMBER (France, Cretaceous).

Combination in **Gerontoformica*: Barden & Grimaldi, 2016: in supplemental information (not paginated).

Status as species: Barden, 2017: 3.

****orientalis*.** **Sphecomyrmodes orientalis* Engel & Grimaldi, 2005: 5, figs. 3, 4 (w.) BURMESE AMBER (Myanmar, Cretaceous).

Combination in **Gerontoformica*: Barden & Grimaldi, 2016: in supplemental information (not paginated).

Status as species: Barden & Grimaldi, 2013: 406; Barden, 2017: 3.

****pilosus*.** **Sphecomyrmodes pilosus* Barden & Grimaldi, 2014: 10, figs. 4A-C, 10A, 11J, 11K (w.) BURMESE AMBER (Myanmar, Cretaceous).

Combination in **Gerontoformica*: Barden & Grimaldi, 2016: in supplemental information (not paginated).

Status as species: Barden, 2017: 3.

****robustus*.** **Sphecomyrmodes robustus* Barden & Grimaldi, 2014: 12, figs. 5A-C, 10C, 11E, 11G (w.) BURMESE AMBER (Myanmar, Cretaceous).

Combination in **Gerontoformica*: Barden & Grimaldi, 2016: in supplemental information (not paginated).

Status as species: Barden, 2017: 3.

****rugosus*.** **Sphecomyrmodes rugosus* Barden & Grimaldi, 2014: 15, fig. 6A-C (w.) BURMESE AMBER (Myanmar, Cretaceous).

Combination in **Gerontoformica*: Barden & Grimaldi, 2016: in supplemental information (not paginated).

Status as species: Barden, 2017: 3.

**spiralis*. **Sphecomyrmodes spiralis* Barden & Grimaldi, 2014: 16, figs. 7A-C, 10D, 11H, 11I, 12 (w.) BURMESE AMBER (Myanmar, Cretaceous).

Combination in **Gerontoformica*: Barden & Grimaldi, 2016: in supplemental information (not paginated).

Status as species: Barden, 2017: 3.

**subcuspis*. **Sphecomyrmodes subcuspis* Barden & Grimaldi, 2014: 17, fig. 8A-C (w.) BURMESE AMBER (Myanmar, Cretaceous).

Combination in **Gerontoformica*: Barden & Grimaldi, 2016: in supplemental information (not paginated).

Status as species: Barden, 2017: 3.

**tendir*. **Sphecomyrmodes tendir* Barden & Grimaldi, 2014: 17, fig. 9A-C (w.) BURMESE AMBER (Myanmar, Cretaceous).

Combination in **Gerontoformica*: Barden & Grimaldi, 2016: in supplemental information (not paginated).

Status as species: Barden, 2017: 3.
